

A digital rendering of the 5th Street extension in Old Town showcases a portion of the new roadway. The road features dedicated bike and pedestrian travel lanes.

## Construction Underway to Extend 5th St., Kinsman Rd.

Construction on the long-awaited 5th Street/Kinsman Road Extension project is now underway in Old Town

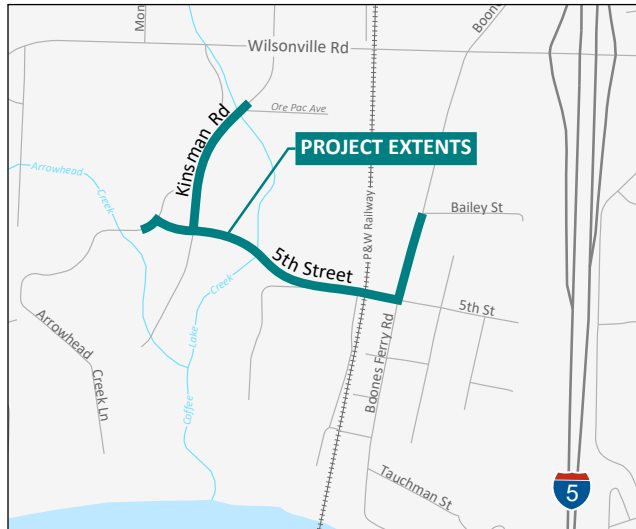

When complete in two years, the \$10.85 million project will improve access in and out of the neighborhood, alleviate congestion at the Wilsonville Rd./Boones Ferry Rd. intersection and increase pedestrian safety. The project also develops water and sewer infrastructure to support future development in the Arrowhead Creek Planning Area and extends the Ice Age Tonquin Trail.

“For Old Town residents and businesses, this project is critical to reduce the daily gridlock that ensues most afternoons when Boone Bridge traffic slows and cars are backed up at the I-5 interchange,” said Zach Weigel, Capital Projects Engineering Manager. “Cars will have another way out of the neighborhood and won’t be at the mercy of interstate traffic.”

**“Cars will have another way out of the neighborhood and won’t be at the mercy of interstate traffic.”**

The project extends 5th Street to the west, adding 1800 feet of new roadway over Coffee Lake Creek to Arrowhead Creek Ln. The new roadway will intersect Kinsman Rd., which is being extended 1000 to the south. The new connection provides a transportation alternative that allows travelers to bypass Boones Ferry/Wilsonville Rd. congestion.

Funded by System Development Charges and Year 2000 Urban Renewal Funds, this project was identified as a high-priority transportation network improvement project in the 2013 Transportation System Plan update.

In Old Town, roadway extensions of 5th St. and Kinsman Rd. intersect to provide a new way in and out of the area.

Weigel expects construction impacts to be minimal until the project reaches Boones Ferry Road, at which time traffic delays, short-term utility service interruptions and construction noise may occur. Improvements on Boones Ferry Rd. include a sidewalk and other improvements to make the area safer for pedestrians and bicyclists.

By extending the Ice Age Tonquin Trail along 5th Street, the City is completing a continuous trail segment that extends from Boones Ferry Road to Graham Oaks, Villebois and the Coffee Lake Wetlands providing an additional recreational amenity for pedestrians and cyclists.

For additional project updates, visit [ci.wilsonville.or.us/5thtoKinsman](http://ci.wilsonville.or.us/5thtoKinsman) or contact Zach Weigel at 503-570-1565; [weigel@ci.wilsonville.or.us](mailto:weigel@ci.wilsonville.or.us).

## City, Republic Services Host Bulky Waste Day on May 22

The City’s popular Bulky Waste Day returns on Saturday, May 22, 9 am-1 pm, at Republic Services (10295 SW Ridder Rd.) in Wilsonville. The event is provided in partnership with Republic Services, the City’s franchised recycling and waste hauler.

Bulky Waste Day provides an opportunity for Wilsonville residents to dispose of large or unusual items that cannot be picked up curbside. Proof of residence is required.

**Bulky Waste Day  
Sat, May 22, 9 am-1 pm  
Republic Services  
10295 SW Ridder Rd.**

In lieu of charging participants, organizers request that participating residents donate new, wrapped toiletry items — including toothpaste, shampoo, laundry soap, deodorant, paper towels, etc. — to help Wilsonville Community Sharing’s Food Bank assist local families in need.

Because of the pandemic, participants must wear masks and remain in cars. Republic Services staff,

wearing masks and gloves, are unloading all items from vehicles to be disposed.

Bulky Waste Day accepts dishwashers, televisions, refrigerators, computers, monitors, stoves, dryers, water heaters, couches, mattresses, scrap metal, tables and chairs, and clean, untreated wood.

The program does not accept tree debris, construction debris of any type, propane bottles or canisters, paint, batteries, solvents, thinners, household garbage or car tires.

For more information contact Matt Baker, City Public Works Supervisor, at [mbaker@ci.wilsonville.or.us](mailto:mbaker@ci.wilsonville.or.us), 503-570-1548.

## Mayor’s Message

### Get Vaccinated, Stay Cautious and Enjoy Our Great Outdoors

Unlike last spring — when many of us were struggling to cope with new and drastic life changes forced upon us by the pandemic — I’m feeling optimistic.

That doesn’t mean our work is done. With variants spreading and cases rising, it is essential to keep limiting social gatherings, wearing face coverings and keeping our distance until everyone can be vaccinated.

The State is working with the public health community to close the ‘vaccination gap’ that has made vaccines less available to communities of color; many neighbors remain vulnerable. Also, children under 16 are not yet eligible and more than 100 Oregonians have contracted COVID-19 after being inoculated. Continuing to take precautions will save lives.

If you haven’t already, sign up to get vaccinated. There’s no charge, and it’s the best way to avoid contracting or spreading illness and to regain your freedom of movement. Visit [covidvaccine.oregon.gov](http://covidvaccine.oregon.gov) or call 211 to sign up. For transportation to nearby vaccination sites, call SMART Transit (503-682-7790).

Remember that small outdoor gatherings are the safest way to interact. I’m grateful that spring weather is allowing people to enjoy Wilsonville at its finest. We’re all about the outdoors — you can hike at Graham Oaks Nature Park, walk the beautiful wooded trails at Memorial Park (or visit its new dog park and community garden!) and enjoy miles of walkable, connected neighborhoods.

These and our many other outdoor amenities we enjoy are a tribute to visionary leadership. People newer to Wilsonville may not even know the role that Councilor (and former Mayor) Charlotte Lehan played in acquiring Memorial Park land from Nike or in preserving and restoring Graham Oaks Park.

I want to also acknowledge the more recent contributions of retiring Parks and Recreation Director Mike McCarty, who in just four years with the City oversaw completion of the Parks & Rec. Master Plan, the Memorial Park Master Plan and the Boones Ferry Park Master Plan. Thanks, Mike.

These plans are guiding the future development of athletic fields, courts, parks, trails and other great amenities. Unfortunately, the onset of COVID-19 delayed a parks bond measure that was being developed to get a number of these projects started.

Our beautiful parks and trails contribute greatly to our sense of place. They are meeting places for fun and reflection, time with those we care about and building connections with neighbors. They provide the vital human connection we need to thrive.

When you’re outside enjoying Wilsonville, see one another, smile, learn from each other, help those in need, and celebrate the unique talents, ideas, beliefs and lived experiences your neighbors bring to our community.

Wilsonville is a community that cares. Let’s build upon that reputation by getting vaccinated and taking the necessary precautions to keep each other safe.

*Julie Fitzgerald, Mayor*

## City's Public Works Director Earns National Award Recognition

The City's Public Works Director, Delora Kerber, has been named among the National American Public Works Association's (APWA) Top Ten Public Works Leaders of 2021. The award recognizes Kerber for her distinguished career service to the public works profession.

An announcement is being made this month by APWA, which presents the prestigious Leaders of the Year award annually to 10 Public Works practitioners nationally in recognition for their professionalism, expertise and personal dedication to improving the quality of life in their communities through the advancement of public works services and technology.

In 2019, Kerber was recognized by the APWA's Oregon chapter as the recipient of the William A. Bowes Service Award for her positive impact on public works programs, services or policies.

A veteran of more than 38 years in the public works profession, Kerber has served as the City's Director of Public Works since August 2006. She provides strategic planning for operations and maintenance of the City's infrastructure, oversees a budget of \$13.65 million, manages 26 full-time employees, and serves at the City's Emergency Manager.

In a letter to the APWA recommending Kerber for the award, City Manager Bryan Cosgrove noted Kerber's instrumental role in the development and delivery of several key infrastructure projects for the City, including the Wastewater Treatment Plant upgrade, the LED Street Light conversion project and the pursuit of a new Public Works Complex.

"I find Delora to be positive, dependable and a creative thinker," Cosgrove said in the letter. "She is a respected City representative for negotiations of inter-governmental agreements, as a participant on multi-agency committees or as an advocate for regional projects."

Kerber

## City to Begin Residential Phase of LED Fixture Conversion

Soon the City is beginning the second phase of a citywide project to replace high-pressure sodium (HPS) streetlights with energy-efficient Light Emitting Diode (LED) lighting.

The \$1 million Phase 2 occurs in many of the Wilsonville's residential neighborhoods, prioritizing replacement of ornamental light fixtures in mature neighborhoods with the least-efficient streetlights.

"The plan is to eventually convert 100 percent of residential street lights to LED," said Public Works Director Delora Kerber. "By starting with the oldest, least-efficient fixtures, we're maximizing immediate cost savings that can help subsidize the project as it continues."

Recently, in Phase 1, the City installed more than 900 LED lights along arterial streets. The new lights have reduced the associated operations and maintenance costs an average of 76%; the City realizes additional savings because of lower energy consumption.

Kerber said these savings are just one of many benefits the City realizes by converting to LED lighting, including:

- **Improved Public Safety:** LED lighting provides additional visibility, brightening streets to make travel safer for drivers and pedestrians while reducing criminal activity.
- **Greater Sustainability:** LED lights typically consume about 50 percent less energy than their predecessors. They emit less carbon dioxide and contain no lead or mercury.
- **Less Maintenance:** LED lamps have about four times the lifespan of HPS lamps.

Kerber notes that the new lights are Dark Sky compliant, meaning they adhere to federal guidelines aimed at limiting light pollution. Additionally, the conversion qualifies the City to receive rebates from Energy Trust of Oregon that could provide additional savings.

Unlike their predecessors, the new "Acorn" and "Town & Country" style streetlights being installed in many residential neighborhoods are built without glass to limit light pollution.

### Replacement Lighting

Neighborhoods at the top of the list for replacement street lights include Charbonneau, East Meadows, and Morey's Landing. Construction impact is expected to be minimal, and could include restricted curbside parking. Active work areas are to be noted with informational signage.

Most of the ornamental lights targeted for replacement are designed in one of the following styles: Town & Country, Acorn or Westbrooke. Kerber says the project is aiming to replace most of these fixtures with models similar in style ... with one notable exception.

"The new Acorn and Town & Country fixtures don't have glass," Kerber said. "You might look up and think the glass is broken. It isn't. The design of the newer fixtures eliminate glass to ensure it is Dark Sky compliant."

She anticipates that this phase of the LED replacement project will be complete by the end of the year. Fixtures not replaced this year are to be replaced during the final phase of the project, when more funding becomes available.

For more information on the City's LED streetlight conversion project, contact Delora Kerber, Public Works Director, [kerber@ci.wilsonville.or.us](mailto:kerber@ci.wilsonville.or.us).

### Book Donations Now Accepted

During library open hours, green donation bins are available in the lobby to anyone interested in donating books.

Please limit donations to no more than two bags daily. Receipts are available upon request.

Book donations from library patrons stock the Wilsonville Friends of the Library's "Twice Sold Tales" bookstore; sales of these books help fund library programs.

[WilsonvilleLibrary.org/donate](http://WilsonvilleLibrary.org/donate)

### New Library Open Hours

Following public health guidance from the Oregon Health Authority, the Governor's office, and Wilsonville's Emergency Operations Center, the Library has expanded its building hours:

- Tuesday: 10 am-4 pm
- Wednesday: 2 pm-8 pm
- Thursday-Friday: 10 am-4 pm
- Saturday: 10 am-4 pm
- Sunday-Monday: Closed

For more information, please visit:

## City Crews to Flush Water Mains; Rust-Colored Water May Appear

In Wilsonville, utility crews flush the City's water mains annually to scour out mineral deposits. This process ensures optimal water quality and helps to maintain the infrastructure by exercising hydrants, valves and blow-off assemblies.

Water flushed out of fire hydrants often appears to be orange or rust-colored. The discoloration, caused by iron deposits, is a normal occurrence. When the water moving through the main pipe and out the hydrant begins to run clear, it signals the crew to continue flushing at the next downstream location.

When flushing occurs, you may notice discolored water inside your home. Don't worry. This water has been fully disinfected and poses no public health risk.

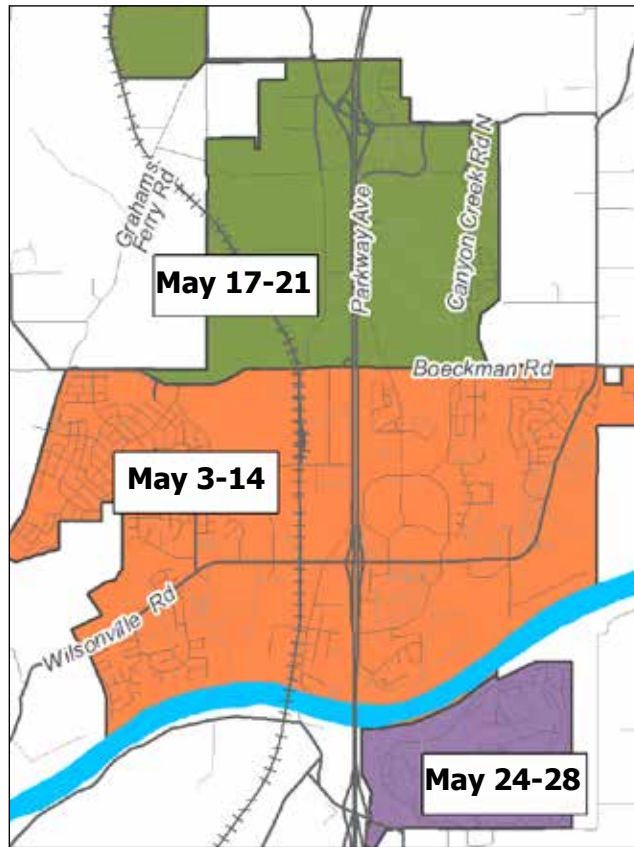

If you observe discolored water, simply do the following:

- Run your cold water fixtures for several minutes.
- Flush your toilets multiple times.

Water should run clear within a few minutes.

As long as discoloration persists, avoid washing whites; discolored water may cause items to stain. Continue running cold water until the discoloration has cleared before washing light-colored laundry.

If you observe crews flushing in your area, please share the roadway to give them room to work safely. If you have any questions or concerns regarding the City's annual water main flushing, please call the Public Works Department at 503-570-4092.

The City's 2021 schedule for water main flushing:  
 Zone 1 (orange), May 3-14;  
 Zone 2 (green), May 17-21;  
 Zone 3 (purple), May 24-28.

## Annual Backflow Assembly Tests Required Before June 30

Water customers who own backflow assemblies must have an annual required test completed before June 30.

Last year, the City implemented a new Cross Connection/Backflow Prevention Program that utilizes a new, modernized database to more efficiently allocate staff. While the City administers the program, annual testing must be scheduled with a State Certified Backflow Assembly Tester.

Residents are sent a reminder notice that details how to schedule a test and explains the importance of administering the program, which protects the water quality for Wilsonville residential and commercial customers in accordance with State law and the City Code (Chapter 3.1).

A yellow box on the notice highlights the testing deadline and other important details.

The City's online system allows certified assembly testers to enter inspection results into the City's backflow database using a unique TRAC # located on the notice. The TRAC # gives testers information about the assembly(ies) at your location, such as make, model, and serial number, but does not identify individuals or provide contact information at the associated address.

A link to certified testers is included on the annual reminder notice. When scheduling a test, provide your TRAC # (unchanged from last year) and advise your tester that the City only accepts electronic test reports through the EcosConnect system. Paper reports are not accepted.

After results are submitted, customers are provided a copy of results from tester.

Backflow prevention assemblies are installed to prevent backflow of contaminants into drinking water through cross-connections, including irrigation systems, wells, fire sprinklers, boilers, pools and hot tubs. Administering this program ensures high-quality drinking water for our community. To learn more, visit [ci.wilsonville.or.us/backflow](http://ci.wilsonville.or.us/backflow).

## City's 2021 Water Quality Report Now Available Online

The City's 2021 Annual Water Quality Report is now available, providing water quality information and testing results for calendar year 2020.

The 2020 data includes water-quality results from samples taken at the Willamette River Water Treatment Plant as well as samples collected throughout the City's water distribution system. The data shows that the City's water quality continues to meet and exceed all regulatory drinking water standards.

Publication and distribution of a Water Quality Report by July 1 of each year is required of all community water systems under the 1996 Safe Drinking Water Act amendments.

Paper copies are available at City Hall and the Wilsonville Public Library or can be mailed upon request. The report is online at [ci.wilsonville.or.us/waterqualityreport](http://ci.wilsonville.or.us/waterqualityreport).

# SMART

SOUTH METRO AREA REGIONAL TRANSIT

503-682-7790 RideSMART.com  
 28879 SW Boberg Road

## Get To Your COVID-19 Vaccination Site the SMART Way

SMART is offering shared ride service to Wilsonville residents who need transportation to and from scheduled COVID-19 vaccination appointments in Wilsonville. (Limited service is available to and from appointments outside of city limits.)

As the COVID-19 vaccine becomes readily available, SMART is dedicated to ensuring that transportation is not a barrier to vaccination. Our staff is happy to assist the community with transportation to vaccine appointments.

Advance reservations are required. Contact SMART at 503-682-7790 to schedule a ride.

### Kids are Everywhere. Drive Like It.

Metro, the Portland Bureau of Transportation and Safe Routes to School have partnered with SMART to build a new campaign that reminds drivers of their role in keeping kids safe in our neighborhoods.

The campaign's core message: "Kids are everywhere. Drive like it." is supported by safety data, local research, and focus groups to remind drivers that, although in-person school may not be in session during the COVID-19 pandemic, our kids are still walking, biking and playing in-and-around our streets.

Please help spread the word, share our posts on social media with parents, friends, family and neighbors to spread awareness that kids are everywhere and let's keep safe in our neighborhoods. #DriveLikeIt

[oregonmetro.gov/KidsEverywhere](http://oregonmetro.gov/KidsEverywhere)

### Los niños están en todas partes. Maneje con cuidado.

Metro, la Oficina de Transporte de Portland y los programas Safe Routes to School se han asociado con SMART para crear una nueva campaña para re-cordar a los conductores su papel para mantener seguros a los niños en nuestros vecindarios.

El mensaje central de la campaña: "Los niños están en todas partes. Maneje con cuidado." está respaldado por datos de seguridad, investigaciones locales y grupos focales para recordar a los conductores que, aunque la escuela en persona puede no estar en sesión durante la pandemia de COVID-19, nuestros niños todavía caminan, andan en bicicleta y juegan en nuestras calles y sus alrededores.

Por favor ayude a correr la voz, comparta nuestras publicaciones en las redes sociales con padres, amigos, familiares y vecinos para difundir la conciencia de que los niños están en todas partes y mantengámonos seguros en nuestros vecindarios.

## Long Path Toward Establishment of Diversity, Equity and Inclusion Committee Nears Fruition

The City of Wilsonville's efforts to establish an official Diversity, Equity and Inclusion (DEI) Committee are nearing a significant milestone. Mayor Julie Fitzgerald is expected to recommend up to 13 people for appointment to one-, two- or three-year terms at a May or June meeting of the City Council.

*"It's inspiring how much goodwill exists within the Wilsonville community."*  
—DEI Consultant Bill de la Cruz

The new DEI Committee is to serve as a liaison between the City Council and the broader community, and to develop conversations and strategies to create a culture of acceptance and mutual respect that acknowledges differences

and strives for equitable outcomes of opportunity, access and inclusion for every member of the Wilsonville community.

"This committee will work in collaboration with our elected officials and the City Manager's office to advocate for all people, especially those who are traditionally under-represented, marginalized or unheard," City Manager Bryan Cosgrove said. "We are empowering the DEI Committee to make policy recommendations, develop programming and establish new ways to celebrate our community's diversity and to make sure everyone in Wilsonville feels valued and included."

The deliberate process that the City has undertaken to stand up this new committee is atypical, said Cosgrove. For months, City staff has sought the counsel of DEI Consultant Bill de la Cruz and met virtually on several occasions with several local DEI advocates, including members of the Wilsonville Alliance of Inclusive Community.

"Community input has informed Wilsonville's process considerably and supported a collaborative shift away from status quo practices," said de la Cruz. "I believe that having these face-to-face conversations, albeit virtually, starts the dialogue and trust-building that are necessary for DEI work to succeed long-term."

In addition to these informal conversations, the

City hosted a virtual Listening Session in December to hear from the broader community. The City Council listened as community members shared stories about their lived experiences in Wilsonville and offered suggestions to build a more inclusive community.

Bateschell, Bill Evans and Mia Pan on a panel that individually reviewed and scored each application against a rubric developed by de la Cruz to help screen candidates. After two hours of discussion, the panel reached consensus upon a list of candidates to recommend to City Council.

In February, before the recruiting applicants began, elected officials and City staff working on the DEI project participated in implicit bias training with de la Cruz. DEI Committee bylaws were drafted by staff with input from community advocates, and honed at City Council work sessions on Mar. 1, Apr. 5 and Apr. 19.

The City received 45 applications from people interested in serving. At the request of the DEI community advocates, two advocates who did not apply (Villebois resident Leticia Perez and Wood Middle School Assistant Principal Joey King) participated in the initial screening of applicants.

Perez and King joined City staff members Miranda

Afterward, all 45 applications were forwarded to the City Council with a list of 24 recommended candidates. Mayor Fitzgerald and Councilor Charlotte Lehan were expected to complete virtual interviews by the end of April with those candidates they wish to consider after reviewing applications.

"The applicant pool featured so many qualified, passionate candidates with a remarkable diversity of talents and lived experiences who represent so many groups within the community," de la Cruz said. "It's inspiring how much goodwill exists within the Wilsonville community."

## ODOT Project Underway to Repave Interstate 5 Stretch

The Oregon Department of Transportation has begun a project to repave the 5-mile section of I-5 between the I-205 interchange and the Boone Bridge.

This section of I-5 was last paved in 2009 and the pavement is rutting. This project will yield a smoother ride and increased safety for travelers and extend the freeway's lifespan

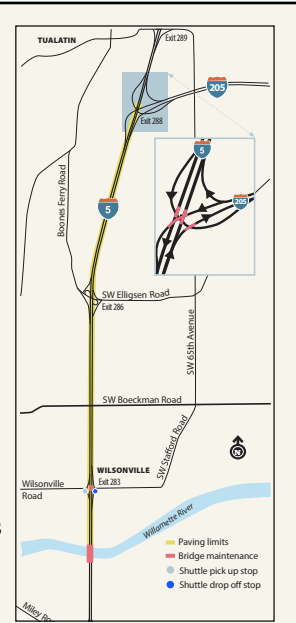

Travelers can expect single or double lane closures between the Willamette River and Elligsen Rd. evenings, Monday-Saturday. Northbound lane closures are planned 8 pm-5 am Monday-Thursday nights and overnight, 8 pm Friday to 9 am Saturday. Southbound closures are planned overnight, 8 pm Saturday to 9 am Sunday.

ODOT also plans to install new ramp meters at the

southbound Elligsen Rd. on-ramp to mitigate the impact of high traffic volume, which makes it difficult for vehicles to merge.

The installation of the ramp meters should improve merging and reduce crashes on this section of the Interstate, which averages nearly 150,000 vehicles each day.

The project, which also includes bridge maintenance work on several structures, is expected to be complete by the end of 2021.

### Summer Camp Registration Now Open!

Summer camp registration is now open! Many programs fill to capacity; early registration is encouraged!

All camps follow the Oregon Health Authority Youth Program Guidance. Camps include Skyhawks outdoor sport camps, Mad Science Camps, Coyle Outdoors Adventure Camps, and Soccer Shots camps. Browse activities for all ages and register online today at

WilsonvilleParksandRec.com

### Youth Financial Assistance Program

The Wilsonville Parks and Recreation Financial Assistance Program provides partial tuition waivers to applicants who qualify based on Clackamas County income guidelines.

Registration and payment for Parks and Recreation classes must be completed within the regular registration period. Tuition assistance does not give priority if registration is late and/or the class is full.

Applications, which may be made for multiple family members, are available at the Parks and Recreation Admin. Offices (29600 SW Park Place) and under the recreation tab online at **WilsonvilleParksandRec.com**. Assistance must be requested at the time of registration and no less than 10 days before class begins.

### Chalk the Park Events: May 6 & May 20

Come Chalk the Park with Recreation Staff on Thursday, May 6, and Thursday, May 20.

Between 3:30 pm-6:30 pm, simply come to Town Center Park, grab a pack of chalk, and create your own masterpiece! Each family gets chalk to take home (or you may bring your own).

Cones will be set up throughout the park to indicate "drawing stations". Friendly Parks and Rec Staff will be on site to ensure social distancing, play some rockin' tunes, and answer questions about our park and programs. Masks are required.

Children 12 and under must be accompanied by an adult or older sibling. Each event includes an opportunity to sign up for a prize giveaway at no charge.

We hope to see you there!

### Virtual Craft: Floating Chalk Prints

Join Recreation Coordinator Erica Behler for this fun virtual craft activity on Sunday, May 16, at 10 am. Learn to make a beautiful floating chalk print with paper, water, chalk and other simple supplies! Use the final products for a card, collage, and more. This event is broadcast on Facebook Live; no registration is required.

### 55+ or Better, May Drive-Thru Event

Calling all Wilsonville residents 55 years or better! Join us for a May Drive-Thru event at the Community Center parking lot, 1-2 pm, on Friday, May 21!

Community Center staff will be there to hand out goodie bags! No walk-ups. Please wear a mask.

## Upcoming Classes and Events:

**POLICE CHIEF'S CORNER**

**With Plenty of Scammers Out For Your Money, You Need to Stay One Step Ahead**

Tricksters have been a part of every culture throughout time.

Over the years, scammers have become craftier at concealing who they are through use of modern technology; they have come a long way since selling snake oil. They've crept into our daily life and become an annoying, commonplace part of technology.

Name any form of communication and scammers have something figured out, whether it's by phone, computer, post, on the street, or at a shopping center.

People call masquerading as a family member or grandchild in trouble, to tell us about an expiring warranty service, wanting to help safeguard our personal information or to fix a "bug" in the software on our computer.

We get e-mail from all over the world. Maybe we've won something, inherited money, or have an old friend reaching out. Often, the e-mails appear to be from a popular site like eBay, Offer Up, Tinder, Instagram, or in a Google Hangout.

Whatever it is, it's frustrating and can undermine our sense of well-being or safety. Scammers generally employ fear-based tactics or try to keep us engaged and confuse us so that we act without thinking.

Some new twists and old favorites we need to keep an eye on:

- Don't open your door to grandparent scams. The new twist—someone coming to your door to col-

lect money for that grandchild in distress.

- Government imposters targeting grieving survivors of people who have died of COVID-19 by offering to help pay for their loved one's funeral expenses.
- Bogus COVID vaccine surveys designed to collect personal information and steal money
- Fake unemployment websites

Visit [consumer.ftc.gov/features/scam-alerts](https://consumer.ftc.gov/features/scam-alerts) for more information. It's an excellent resource that provides useful, detailed information about what's happening in the world of scam artists.

Good to remember:

- The Social Security Administration doesn't call and ask for our social security number. They already have it.
- Gift cards are not an acceptable form of payment for most companies when it comes to fees or past due balances.
- Police will not accept gift card money to make a warrant go away. They want you to appear before the appropriate court. A judge will make the financial decisions.
- If someone calls from a business and asks for personal details, call their business back using a

Police Chief Rob Wurpes

phone number you find on your own, not the one they give you. Better yet, go into a local branch of that business to discuss the issue and provide answers.

It's okay to hang up when something feels fishy, delete e-mails, or block senders. We don't have to be polite when it comes to scammers.

Check in on older friends, neighbors, and relatives to help keep them safe from scams. Being scammed is embarrassing, but let's help each other by talking about what to do when it happens or how to make sure it doesn't.

Scammers are out to make money, not spend money. Once they know we're onto them, they'll move along (maybe not without a nasty verbal parting shot).

We caution anyone using the internet to research scams. Be careful about the sites you visit. A safe resource to help navigate what's happening is the Federal Trade Commission's site: [ftc.org](https://ftc.org). The FTC site is also a great place to report scams. Visit [ftc.gov/complaint](https://ftc.gov/complaint) or call toll-free: 1-877-FTC-HELP (1-877-382-4357) if you believe you are being victimized by scammers.

Stay Safe and fraud free,  
Chief Robert Wurpes

**Young Women Can Explore Careers as a Firefighter at Portland Metro Summer Fire Camp**

Tualatin Valley Fire & Rescue is young women to apply for the annual Portland Metro Fire Camp, open to anyone, ages 16-20, who identifies as female. This camp provides an all-encompassing introduction to a rewarding career in fire service.

The camp is designed to instill confidence while building leadership and team skills. Participants learn what it takes to be a firefighter while completing hands-on training in hose and ladder skills, vehicle extrication, search and rescue, ropes and knots, live-fire operations, aerial ladder climbs, forcible entry, emergency medical skills, and other fire fighting tasks.

Participants also receive instruction from women in the field to help them prepare for interviews and gain insight on fire service careers and the importance of good nutrition and physical fitness.

This free camp is offered twice this summer:

- **July 30-Aug. 1** in Sherwood at TVF&R's Training Center, 12400 SW Tonquin Road. Applications are accepted until June 30.
- **Aug. 28-29** in Portland at the Portland Fire & Rescue Training Center, 4800 NE 122nd Ave. The deadline to apply is July 30.

To learn more about the Portland Metro Fire Camp program and/or to apply, visit [portlandmetrofirecamp.com](https://portlandmetrofirecamp.com).

**Help is Available For People Experiencing Emotional Health Instability or Abuse**

More than a year after the COVID-19 pandemic began, financial burdens, illness, fatigue, unemployment, mourning, confinement, loneliness and a gamut of other stressors are affecting the emotional health of many community members.

Resources within Clackamas County are available to provide experiencing anxiety, depression, suicidal ideation or other manifestations of mental health crisis:

- Protective Orders can be obtained through Clackamas County District Attorney's Office Victim Assistance Program, 503-655-8616; or A Safe Place Family Justice Center, 503-655-8600.
- National Sexual Assault 24-Hour Hotline: 1-800-656-HOPE (1-800-656-4673)
- National Domestic Violence 24-Hour Hotline: 1-800-799-SAFE (1-800-799-7233)

**Mental Health**

Resources are available to people experiencing anxiety, depression, suicidal ideation or other manifestations of mental health crisis.

- Clackamas County Behavior Health offices are open; individuals in crisis may call the 24/7 crisis and support line, 503-655-8585.
- Non-emergency #: 503-742-5335. A resource guide is also available.
- Lines for Life's suicide lifeline is available to call at all hours for free, confidential and anonymous help. Trained staff and volunteers provide immediate assistance, compassionate support, and resource referrals that can put you on a path to healing. Call 800-273-8255.
- Oregon Youthline, 877-968-8491, or text teen-2teen to 839863
- Senior Loneliness Line, 503-200-1633, provides 24/7, free, and confidential support to older adults.
- The Trevor Project Suicide Prevention Lifeline for LGBTQ youth, 1-866-4-U-TREVOR (1-866-488-7386)
- Trans Lifeline's Peer Support Hotline, 877-565-8860, provides peer support service run by trans

- people.
- Veterans Crisis Line, 1-800-273-8255; press #1

**Child Abuse**

Discovering that a child you care about has been abused may leave you overwhelmed, wondering where to begin on getting help and support.

If a child's life is in danger, call 911. Otherwise, report abuse or neglect by calling local law enforcement in Wilsonville (503-655-8211), Clackamas County (971-673-7112) or using the statewide Child Abuse Hotline, 1-855-503-SAFE (7233).

Suspicion is enough to warrant a call; screeners are trained to guide callers through the process. Learn more about available services and resources from the Children's Center of Clackamas County.

**Domestic Abuse**

Outbreaks and disasters frequently lead to increases in domestic, sexual and gender-based violence. If you are the victim of domestic or sexual violence, there is help available.

Clackamas County's A Safe Place Family Justice Center has limited in-person hours and the 24/7 crisis line is staffed. Call 503-655-8600 or visit [asafeplacefc.org](https://asafeplacefc.org).

- If you are in immediate danger, or a life-threatening situation, call 911.
- If you need law enforcement assistance, call non-emergency at 503-655-8211.

**Are you Vaccine Eligible?**

## Planners Move Closer to Drafting Town Center Streetscape Design

A graphic rendering illustrates a hypothetical representation of the Town Center Streetscape design now being developed.

City planners developing the Streetscape Plan for Wilsonville Town Center have zeroed in on a preferred design concept supported by the City Council, the Planning Commission and the community.

During a recent public engagement process, community members reviewed three draft streetscape concepts. “River Environment” emerged as the favored concept, though many people liked the linear routes and sidewalks presented in the “Technological Innovation” concept, which yielded more direct, easy-to-navigate connections through Town Center.

Based on the public feedback, the project team de-

veloped a blended concept that predominantly incorporates River Environment elements while integrating elements of Technological Innovation that resonated with the public.

At a recent City Council work session, planners presented a preliminary rendering (see above) that imagines how elements of the preferred concept could work together to create a distinct look and feel for Town Center streets.

After receiving support from the Planning Commission and the City Council at recent work sessions, the project team is refining the concept and intends to return to Planning Commission (in May) and the City Council (in June) to present the draft Streetscape Plan.

When adopted, The Town Center Streetscape Plan will define design guidelines for Town Center sidewalks and streets, including street furniture, lighting fixtures, landscaping, public art placement and pavement design, as stipulated in the 2019 Town Center Master Plan.

For more information, contact Philip Bradford, Associate Planner; 503-570-1623, pbradford@ci.wilsonville.or.us.

## Inform Stormwater Master Plan; Take the Online Survey by May 15

The City of Wilsonville is now in the process of developing an updated Stormwater Master Plan to guide the City in addressing the challenges associated with stormwater runoff.

The update is prioritizing stormwater capital

**Stormwater Survey**  
Until Fri, May 15 at 5 pm  
[LetsTalkWilsonville.com/stormwater](https://letsstalkwilsonville.com/stormwater)

projects and programs, evaluating deficiencies within the current system and providing guidance on how to best invest City resources to meet current and future demands on the storm water system.

Residents can inform the project by taking a brief stormwater survey (available in English or Spanish) by May 15 at [LetsTalkWilsonville.com/stormwater](https://letsstalkwilsonville.com/stormwater)

The “Let’s Talk, Wilsonville!” page also provides a more comprehensive look at how the City manages the stormwater system and provides in-depth information about the Master Plan Update and the benefits this program provides. The City’s Stormwater Master Plan was last updated in 2012.

For more information, contact Khoi Le, Development Engineering Manager, at 503-570-1566 or [kle@ci.wilsonville.or.us](mailto:kle@ci.wilsonville.or.us).

## Budget Committee Set to Approve 2021-22 Budget This Month

The City of Wilsonville’s Budget Committee is meeting this month to finalize a Fiscal Year (FY) 2021-22 budget for Council adoption.

**Wednesday, May 19, 6-10 pm, City Hall:** The Budget Committee convenes for the initial review of the City’s Proposed Budget for FY 2020-21. The Committee inspects aspects of the budget, hears public testimony and completes initial deliberation.

**Thursday, May 20, 6-10 pm, City Hall:** Deliberation continues and the City’s Urban Renewal Agency budget is considered. The public may address the Committee regarding either budget. At the end of this meeting, the Budget Committee may approve and recommend the budget for City Council adoption or convene a third meeting.

tion or convene a third meeting.

**Tuesday, May 25, 6-10 pm, City Hall:** Held in the event the committee needs additional time to review and approve the FY 2020-21 budget.

Once approved by the Budget Committee, the City’s annual budget is forwarded to the City Council for deliberation and potential adoption at a public hearing on Monday, June 7, 7 pm at City Hall.

The Budget Committee consists of Wilsonville’s five City Councilors and five appointed citizens at large (Paul Bunn, Katie Hamm, Andrew Karr, Daphnee Legarza and Shawn O’Neil).

For more information about the City’s budget and fiscal planning, see [ci.wilsonville.or.us/Budget](https://ci.wilsonville.or.us/Budget)

## Notable Actions: City Boards and Commissions

City Council	Action	What it Means
Apr. 5	The City Council approved a \$350,000 contract with Angelo Planning Group to develop a master plan for the Frog Pond East and Frog Pond South neighborhoods.	The master plan is to establish a foundation for the development of well-designed, walkable and connected future neighborhoods. This project is substantially funded by a grant under Metro’s 2040 Planning and Development Grant Program.
Apr. 5	The Council authorized the City Manager to execute a \$1.47 million Contract with Braun Construction	The contract funds the next phase of the Charbonneau Consolidation Improvement Plan. Scheduled work includes storm, sewer and water pipe replacements in designated areas and street resurfacing on Arbor Glen Court and portions of Arbor Glen Loop and Old Farm Road.
Mar. 15	The City Council authorized the purchase of a new electric bus by South Metro Area Regional Transit (SMART). The bus is expected to arrive early next year.	The \$850,000 purchase is to be funded primarily by a Federal Transportation Administration (FTA) Grant. The City’s match, nearly \$170,000, is to be funded by SMART’s existing Statewide Transportation Improvement Fund (STIF) revenue.
Mar. 15	The Council also adopted a pair of resolutions updating City Building Code.	The first update implements revisions to State Building Code, while the second adopts Tualatin Valley Fire & Rescue Fire Code for Wilsonville.
Mar. 15	The City’s local state of emergency was extended by the Council.	The action allows staff continued latitude to coordinate an effective COVID-19 response.
Mar. 15	At a public hearing, on first reading, the Council approved a supplemental budget adjustment in accordance with State law.	The modified budget provides the current-year budget with about \$1 million from contingencies to replace Wastewater Treatment Plant hardware and software systems, and to cover the costs associated with debris clean-up and disposal in the wake of February’s ice storm.
Mar. 15	The Council approved a \$146,000 agreement with Portland & Western Railroad	The contract provides preliminary engineering services for grade crossing improvements at the 5th Street railroad crossing in conjunction with the 5th Street/Kinsman Road Extension Project.

## Library Survey: Has COVID-19 Changed How You Use the Library?

The Wilsonville Library is inviting its patrons to visit [LetsTalkWilsonville.com](https://letsstalkwilsonville.com) before May 15 to take a short library usage survey.

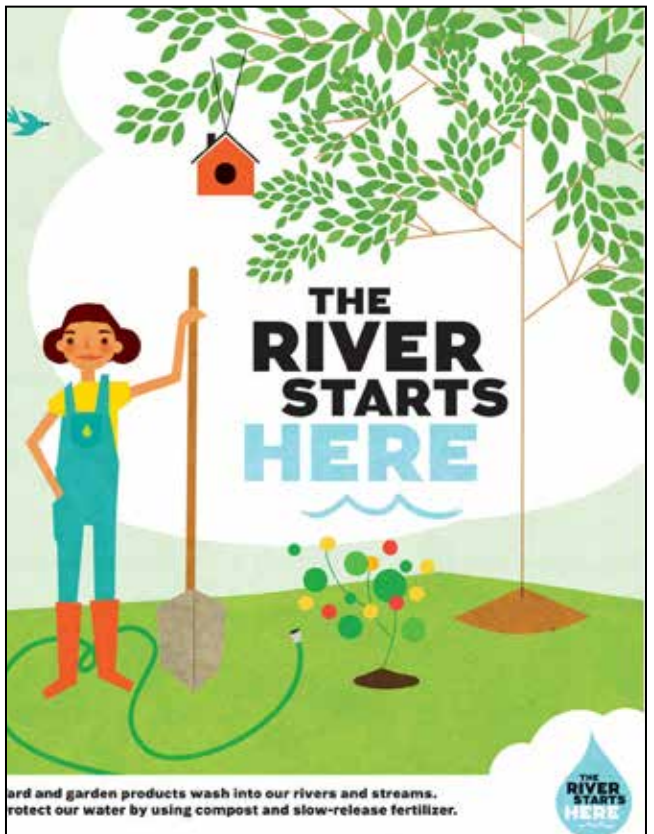

The Library was in the midst of gathering information to inform the Master Plan update last spring when the pandemic hit.

**Library Usage Survey**  
Until Fri, May 15 at 5 pm  
[LetsTalkWilsonville.com](https://letsstalkwilsonville.com)

A lot has changed in the last year, both in the world and at the Library.

To better understand how this has affected patrons and to ensure that Library resources are allocated properly to meet future need, we are asking library users to let us know about ways in which their Library use has been altered by the events of the last year.

Learn more and complete the 5-10 minute survey at [letstalkwilsonville.com/library-programs-survey](https://letstalkwilsonville.com/library-programs-survey)

Hard and garden products wash into our rivers and streams. Protect our water by using compost and slow-release fertilizer.

## Where the Blubber Meets the Road

At the cross-section of urban and rural is Garden Acres Rd., the site of a road development project to support the future Coffee Creek Industrial Area.

Recent infrastructure improvements drew the interest of two nearby residents. Yes, those are pigs.

The recently-completed Garden Acres Road project undergrounded utility cables and widened the roadway between Day Rd. and Ridder Rd. It also added a protected bike lane and accommodated the installation of a segment of 66-inch Willamette Water Supply Program pipe-

Wilsonville Rotary and the WLWV School District representatives celebrate a new partnership to provide school supplies and other resources to families in need.

## Rotary Club Grant Supports Services for WLWV District Families in Need

The Rotary Club of Wilsonville has awarded the West Linn-Wilsonville School District's Family Empowerment Center a \$1,500 matching grant, the latest example of a growing partnership between the two entities.

With the match, the District is receiving \$3,000 to provide resources and basic learning services — including books, supplies, clothing, meals, and other resources — for school-aged families.

Many children in the West Linn-Wilsonville School district require essential resources and services, especially in light of the COVID-19 pandemic.

*“This grant will provide much-needed food, clothing, and other essential resources for many of our students and families.”*

Through this grant, Wilsonville Rotarians are purchasing food and food vouchers to be delivered to the Family Empowerment Center for distribution to students and families. Rotarians are also

aiding in the procurement of clothing, school supplies, and other needed materials.

“Through this partnership, we were able to leverage our resources as a Rotary Club and tap into Rotary’s regional grants, so we can serve local families when and how they need it most, and hopefully help them over some bumps and potholes, on the pathway back to normal, everyday life,” said Pat Wolfram, director of the Wilsonville Rotary Foundation.

The additional funding will free the Family Empowerment Center to focus fundraising efforts in other areas and increase the variety of resources and support that the Center provides.

The Family Empowerment Center recently partnered with Wilsonville High School students to collect and distribute more than 100 dinners and board games to West Linn-Wilsonville families. Thanks to the generosity of the community, the FEC has also managed to collect coats, backpacks, and other supplies for families in recent months.

The resources provided through this grant will help the FEC continue its mission to empower WLWV District families to become active advocates in their children’s education through a culturally responsive holistic approach.

To learn more about the Rotary Club of Wilsonville’s service projects to meet the needs of people in Wilsonville and around the world, visit [WilsonvilleRotary.com](http://WilsonvilleRotary.com).

## Briefs

### City Council Set to Accomplish 2021-23 Goal-Setting Session

In mid-May, the Wilsonville City Council is participating in a Governance and Strategic Planning Retreat with the City’s management staff to identify new Council Goals for 2021-23. The biennial exercise guides specific short-term policy level actions for the City to take in the short-term to support longer-term objectives.

This two-day event, May 14-15, is hosted by a meeting facilitator. It provides an opportunity for City Councilors and staff to engage in open discussion and begin to identify priorities that they believe best serve the Wilsonville community.

The collaboration typically includes the designation of several “key performance areas” that best ensure the City’s prosperity. Prospective projects are sorted into performance areas and prioritized individually by each Councilor. Those receiving the most support emerge as top priorities.

After the session, the City Manager’s office prepares a document that articulates a comprehensive list of Council goals and Administrative priorities, which is to be adopted by the Council in June.

For more information, visit [ci.wilsonville.or.us/councilgoals/](http://ci.wilsonville.or.us/councilgoals/).

### Wilsonville to Receive \$5M in Federal Aid

The passage of the federal American Rescue Plan Act is providing more than \$4.2 billion in federal relief to the State of Oregon to mitigate the impacts of COVID-19.

The City of Wilsonville is expecting to receive about \$5 million in federal aid; half this summer, and the remainder next year. Additionally, the program is allocating \$81.1 million to Clackamas County and \$116.7

million to Washington County.

Funds may be used to responding to the COVID-19 public health emergency, provide premium pay to essential workers, offset lost revenues to provide essential government services, or develop water, sewer and broadband infrastructure. Funds cannot be used to reduce taxes or buoy pension funds.

Recipient governments must provide periodic reports accounting for use of funds to the Treasury Department. Funds can be recouped by the Treasury if the recipient does not comply with the eligible uses.

### Parks and Rec. Board Provides Grant to Support Community Art Project

The Wilsonville Arts and Culture Council is the recipient of a \$6,000 Community Opportunity Grant from the City of Wilsonville.

The funding supports “The Biggest Pumpkin,” a multi-faceted community project that fosters collaboration and learning through the carving of an 11,000-pound block of granite by local artist Benjamin Mefford.

The final project is expected to be displayed at the 2021 Festival of the Arts at Charbonneau, Nov. 5-7 (if an in-person event takes place).

Twice annually, the Parks & Recreation Board Awards Community Opportunity Grant funding to assist with local projects and services that promote education, diversity, arts, or community involvement within the City of Wilsonville.

Funding is allocated twice each year; applications are due on the last Friday in September and the first Friday in March. The next deadline for grant submissions is Friday, Sept. 24.

For more information, visit [wilsonvilleparksandrec.com/grants](http://wilsonvilleparksandrec.com/grants)

### Wilsonville Community Sharing Names Board Members

Wilsonville’s local food bank and social service resource hub, Wilsonville Community Sharing (WCS), has its new board membership in place for 2021. The group includes Carlos Salazar (president), Jerri Bohard (vice president), Katie Eicher (secretary), Shanti Villarreal (treasurer), Shawn O’Neil and Nicole Hendrix.

WCS aids Wilsonville residents with a variety of programs including rent and utility assistance, food and prescriptions. The City annually funds the WCS utility program. Last spring, the Wilsonville City Council earmarked an additional \$10,000 to assist qualified families in payment of their water bill and approved a \$50,000 grant to aid those struggling to make ends meet during the pandemic.

Operating as a satellite branch of the Oregon Food Bank, the Wilsonville’s food bank provides food boxes to residents via curbside pickup service each

Tuesday (12:30-2:30 pm & 6-7:30 pm). Fresh produce is available at the Free Food Market, held on the third Monday of each month.

Individuals and families that are in need of assistance may call 503-682-6939 to learn more about how to access the Food Bank, financial assistance and/or other social services that WCS provides.

Those who would like to make a donation to support WCS programs may give online. Visit [wilsonvillecommunitysharing.org/donation](http://wilsonvillecommunitysharing.org/donation), or send a check payable to Wilsonville Community Sharing, PO Box 205, Wilsonville, OR 97070

Visit [wilsonvillecommunitysharing.org](http://wilsonvillecommunitysharing.org) for more information.

### Get Free Trees to Plant Near Streams

To promote healthy cool streams in Wilsonville, the City offers community members and local property owners up to five free native tree seedlings to plant on their property.

The City encourages planting along streams and other water bodies to reduce stream temperature and pollutants. The trees are obtained from a local nursery.

For more information and to get a tree coupon for five trees, contact Sarah Sand, Stormwater Management Coordinator, at 503-570-1552; [sand@ci.wilsonville.or.us](mailto:sand@ci.wilsonville.or.us).

### COVID-19

Novel Coronavirus

Wash hands often with soap and water

Stay at least 6 feet away from others

Don't touch eyes, nose or mouth with unwashed hands

Wear a cloth face covering when you have to leave your home

Avoid crowded places and social gatherings

If you become sick call your health care provider

Prevention Tips

### Building Safety Month Celebrates Our Safe, Secure Structures

May is Building Safety Month, your annual reminder that building codes and inspections help protect communities from a variety of disasters, such as fires, weather-related events and structural problems.

Join the City's Building Division in celebrating safe built environments.

Each week during May, we'll shed focus on a new theme that emphasizes the ways

in which our work makes the Wilsonville community safer.

- May 1-9: Energy and Innovation
- May 10-16: Training the Next Generation
- May 17-23: Water Safety
- May 24-31: Disaster Preparedness

The Building staff enjoys working with citizens and community partners to help achieve safe, accessible, energy efficient, and code-compliant building projects! Let us know how we can help!

Learn more about building safety and permitting at [ci.wilsonville.or.us/building](http://ci.wilsonville.or.us/building) or call at 503-682-4960.

## City Calendar

All meetings may be held virtually until further notice. For current information, visit [ci.wilsonville.or.us/calendar](http://ci.wilsonville.or.us/calendar)

### MAY

All dates and times are tentative; check the City's online calendar for schedule changes at [ci.wilsonville.or.us/calendar](http://ci.wilsonville.or.us/calendar)

### No 'Fun in the Park' This Summer

Fun in the Park supporters were recently notified by e-mail that the annual event is not being held in 2021.

The message from Brady Mordhorst, president of the organizing committee, cited the COVID-19 pandemic, noting that an interactive, family-friendly event is difficult to pull off safely without additional resources to support public safety. Last summer's event was also canceled.

Mordhorst also detailed the organization's poor financial health, but expressed optimism that the event would return to Wilsonville in 2022.

"Not only is it a long-standing Wilsonville tradition, our sole mission is to provide a day of very important, completely free, fun to the community," said Mordhorst, who indicated he would work to secure financial assistance and begin planning late this year for the 2022 event.

The last vestige of the traditional Wilsonville Celebration Days event, Fun in the Park is supported in part by annual grants from the City's Tourism Promotion Committee.

For more information, visit [FuninthePark.com](http://FuninthePark.com).

### City Awaits Health Guidance on Water Feature Availability

The City's Public Works crews are in the process of completing annual maintenance on the City's water features at Murase Plaza and Town Center Park in hopes that these popular park amenities may be available for public use this summer. At this point, no opening date has been determined;

If and when the water features open is a decision to be made by the City in accordance with recommendations from the Oregon Health Authority and/or determined by the current COVID-19 risk level assigned to Clackamas County by the Governor's office.

The City's Emergency Operations Center is monitoring public health guidance and developing protocols to help maximize public safety for visitors if/when the fountains are in operation. This could include limited capacities, social distancing and the wearing of masks.

### A Divine Celebration!

Divine Complexions celebrated its Grand Re-Opening earlier this year with a virtual Livestream event after the full-service spa opened a new, expanded Wilsonville location at 25700 SW Argyle Ave.

More than 100 guests tuned in to see a the ceremony, which featured a ribbon-cutting with Mayor Julie Fitzgerald.

### Reliable Sources for the Latest COVID-19 Information

News about COVID-19 prevention, response and recovery changes rapidly. The City recommends relying on reliable, factual sources of information: Links to these and other resources are available at [ci.wilsonville.or.us/covid-19](http://ci.wilsonville.or.us/covid-19)
