ATTN: Honorable Mayor and City Council

RE: Nike Drilling, JO 419 W15

Gentlemen:

Bids were received Wednesday, August 1st, for the Nike Well Drilling Project. The project was designed allowing several options for development of the well. Prices for alternate test pumping procedures were established. The total bid amounts used for contractor selection include substantially more work than is actually anticipated.

The low bidder was Staco Well Services of Mt. Angel. Their low bid was \$75,845.00 with a probable total cost of \$49,263.50 for drilling and testing the well. Staco's bid was substantially lower than the second low bid from Schneider Equipment at \$82,945.00/\$63,265.00. The engineer's estimate was \$80,000/\$60,000 for this project.

Staco was the contractor for the recently completed Gesellschaft well. Although they had problems in drilling that well, we found the contractor to be competent and cooperative.

We recommend that a contract be awarded to Staco Well Services for \$49,265.50. This award should be made promptly so that paperwork can be completed and the well drilled prior to the fall rains.

Very truly yours,

WESTECH ENGINEERING, INC.
